## BARBED WIRE

Designed to provide superior corrosion resistance and durability, ToughStrand® hot dipped galvanized barbed wire survives the most demanding ranch conditions. Sturdy galvanized steel wires are carefully stranded to stretch taut for strong confinement. Sharp barbs are evenly spaced and tightly fastened to strand wires. Barbed wire is available in eighty rod spools (1320') on easy to handle **wooden reels**.

- 2 pt, 4 pt & barbless.
- Available Coatings: Commercial, Class 1 & Class 3 galvanized.
- Sizes: Available in 12 1/2 gauge galvanized and 15 1/2 gauge high tensile.

BARBED WIRE	GAUGE	POINTS	BARB SPACING	BARB SHAPE	ROLL LENGTH
STANDARD	12 1/2	2	5"	Round	1320'
	12 1/2	4	5"	Round	1320'
	12 1/2	4	6"	Round	1320'
	Barbless	None	None	None	1320'
