TREE ISLAND STEEL

FARM & FIELD FENCE

Galvanized woven field fence is perfect for enclosing corrals and pastures. Featuring flexing hinge joints, it conforms to the landscape and minimizes damage caused by livestock and weather. It is strong enough to withstand abuse from livestock, cattle and falling tree limbs. Available in a variety of heights from 26" to 55" with 6" or 12" spacing. Tree Island Farm and Field fence comes in 20 rod rolls (330').

Standard-10 gauge top and bottom wires with 12 1/2 gauge filler.

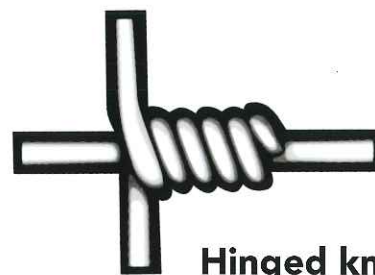

High Tensile-12 1/2 gauge top and bottom wires with 14 gauge filler. Made of stronger steel, high tensile provides the same strength as standard fence but in a lighter gauge wire.

Class 3

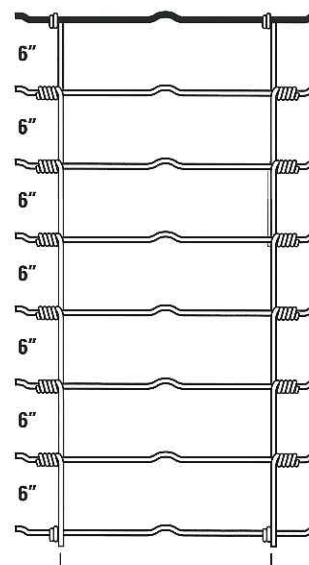

- Farm & Field fence meets ASTM A116.

Available coatings:

Commercial Class 1 and Class 3 galvanizing.

Hinged knot
