

Made in the USA

By choosing products made in America, you help sustain our manufacturing and create opportunity for more jobs here in America.

Tree Island Steel, with our three plants in California (Pomona, Rancho Cucamonga, and Ontario, CA) as well as our plant in Richmond, BC, Canada, understands the value of manufacturing domestically and supports the *Buy American Act**, which has since its inception, led the way in showing the importance of the preference we must have when selecting goods that are made in the USA.

We are one of the largest wire and domestic nail manufacturers in North America and our team's dedication to quality, consistency and customer service is unsurpassed.

Founded in 1964, Tree Island Steel has been producing steel wire and wire products in North America and delivering these products throughout the world.

For more information regarding our "Made in USA" products, please visit our website at www.treeisland.com

Sincerely,

Tree Island Wire (USA)

Made In The USA

* the Buy American Act originated in 1933 - passed into law and serves to protect American labor in the federal procurement process by having preference to domestically made products.
