

MADE IN THE USA

By choosing products made in America, you help sustain our manufacturing and create opportunity for more jobs here in America.

Tree Island Steel, with two plants in California (San Bernardino and Rancho Cucamonga, CA) as well as our plants in Calgary, AB, and Richmond, BC, Canada, understands the value of manufacturing domestically and supports the *Buy American Act** which, since its inception, has led the way in showing the importance of selecting goods that are made in the USA.

We are one of the largest wire and domestic nail manufacturers in North America and our team's dedication to quality, consistency and customer service is unsurpassed.

Founded in 1964, Tree Island Steel has produced steel wire and wire products in North America and serves customers throughout the world.
